No. T. 70 Dated 21.st Aug 1929 Received 23.8.29

Diary No. 1236	Enclos. 2	Spare copies –	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Forwards for information copy of letter from Dr. Heiser & the minutes of July 10, 1929 meeting of the Scientific Directors of the International Health Division about the Mysore Bureau of Sanitary Engineering and the proposal of export for co-operation with the Rockefeller Foundation in the improvement of Sanitation & Sanitary Engineering.

NOTES AND ORDERS.

Subd Dr stated that Mr. Meldazis has been assigned to Mysore as Sanitary Engineer that he is expected on or before 1.1.1930.

2 The reorganisation now under consideration does not provide for Sanitary Engineer. The staff to be transferred from the Sanitary Engineering Dept for work under them to and

NOTES—First Sheet.

WD 01683—GPB—5,000—5-5-29

Serial No.

and an additional staff to be prescribed, if any, are for consideration, ~~the matter should be subjected to a fresh investigation~~ Dr. Heiss has asked for an itemised budget so that necessary funds may be made available (Postscript Enclosure A)

3.) The Sanitary Engineer has also to provide with an adequately equipped office + staff, telephone, telegraph + transport facilities (a motor car) (para 3 of the P.W.D.) Sanction for one motor cycle, a Dodge car is to be obtained as in the case of D. Secretariat the other matters e.g. telephone + telegraph can be considered after the building is completed

4) Govt have also to provide for 2 scholarships in Sanitary Engineering in the next Official year and a sum of Rs 22,000 has ~~been made~~ to be provided in addition to the budget for Sanitary Engineering

5) Subject for orders.

Jon D
7/9/29

5) (1) According to the arrangement agreed to by Govt in the letter dated the 13th May 1929 (Flag M) a provision of Rs 12,250 has to be made for Sanitary Engineering during 1929-30 This is exclusive of Rs 10.00 for permanent equipment The details for this amount are not given

WD 01684—GPB—30,000—20-4-29

Serial No.

the end of December next A progress report will be called for at the end of each month

(5) The question of fellowships for Sanitary Engineering does not arise till 1931.

6) The points for orders are marked in the above note

Chief Secy) 10/9/29

OFFICE SECRETARIAT 10 SEP. 1929

This has very much urgent for the present

7) I am not sure that the Question of fellowships does not arise, we badly want Health officers, both for the charge of districts as well as of for the charge of Surveys like Malaria Survey, Hookworm Survey and the like — I would suggest that one fellowships might be granted this year & one next year. The amount need not necessarily be the same as that given by the R. Foundation. About 120 Sterling per annum would be enough

2nd month

2635 11/9

11/9/29

As far as the present question is concerned viz. arising out of Sanit Engg, the question of fellowships arises only in 1931 we must make the necessary provision the budget 1930-31

The other points re amount mentioned in the Sanit Engg. telephone, motor car may be Expected If the reply

Council matter

17/ The Bureau of Sanitary Engineering should, in my opinion, be considered along with the reorganisation of the Health Department and not independently of it. A sum of Rs 33,900/- has been provided in the current year's Budget for the Sanitary Department Reorganisation. I think it is necessary that the total expenditure during the current year on the development of the Public Health Department should be within this provision. As I have stated so often, there is absolutely no margin for additional grants in the current year and I am sorry I cannot agree to para 6 of the draft order.

OFFICE OF THE HEALTH SURVEY
IN MYSORE,

Bangalore, 21st. August '29.

For perusal in the first instance

CHIEF SECRETARY.
22 AUG. 1929

Dear Mr. Ranga Rao,

I am sending you with this a copy of a letter from Dr. Heiser and the minutes of the July 10, 1929 meeting of the Scientific Directors of the International Health Division. (marked Enclosure A) I am also sending a copy of the minutes of the May 23, 1928 meeting which included the agreement under which we have been working (marked Enclosure B). If you will see my letter to you dated the 21st. February, 1929 and your reply No. G. 13818/Sany., dated the 13th May 1929, you will find the previous correspondence on this subject.

2 You will note that according to Enclosure A, the Rockefeller Foundation agrees to the co-operative programme to which Government has already signified its assent. Mr. Mieldazis, recently relieved from work in the Philippine Islands, has been assigned to Mysore and is expected to arrive here on or about January 1 1930.

3 The new agreement extends the two year period of co-operation mentioned in Enclosure B up to the end of December, 1933 or to June 30, 1934. I am not clear as to just which date is meant for the completion of the programme. Paragraph 3 (e) of Enclosure B is cancelled by Paragraph 2 (b) of Enclosure A but the

remainder of the old agreement remains in force. Under Paragraph 4 of the older agreement Government should give the Sanitary Engineer the status of the head of a department and provide him with an adequately equipped office and staff, and telephone, telegraph and transportation facilities,(a motor car), as was done for the Consultant in Health.

4. May I request that Government issue at once the proposed re-organization order for the Department of Health so that proper steps may be taken to have the organization complete before the arrival of the Sanitary Engineer. The matter of office accommodation for him has already been taken up and you have certain proposals before you. If the above mentioned order and the matter of office accommodation could be settled immediately there would be no need for a period of confusion and waste of time when the Sanitary Engineer arrives. He could begin active field work at once.

Yours sincerely,

W. C. Sweet,
Director,
Health Survey in Mysore.

R. Ranga Rao, Esq., B.A. B.L.,
Offg. Chief Secretary
to the Government of Mysore,
Bangalore.

Copy sent to Sanitary Commissioner.

Enclosure A.

THE ROCKEFELLER FOUNDATION
INTERNATIONAL HEALTH DIVISION,
61 Broadway, New York.

July 11, 1929.

Dear Dr. Sweet,

This will acknowledge your letter of no date, which was received here June 10th, with regard to a co-operative budget for the provision of a sanitary engineer with the Government of Mysore. I enclose for your information a copy of the action taken yesterday by the Scientific Directors of the International Health Division of the Rockefeller Foundation.

It is our intention to have Mr. Mieldazis arrive in Mysore on or about January 1st, 1930, and to begin the work which you have outlined.

Sincerely yours,

Sd/- Victor G. Heiser.

Dr. Winfield C. Sweet,
C/O Kanvan House,
17 Palace Road,
Bangalore,
Mysore State,
South India.

VGH:WCH.
1 E.

Postscript:-You should forw as soon as possible an itemized budget, so that funds under this action may be made available.

W. C. Sweet,
Director,
Health Survey in Mysore.

MYSORE
BUREAU OF
SANITARY
ENGINEERING

transferred from the Public Works Department. Also to budget during the first year of the new Bureau a sum not to exceed Rs.10,000 for the purchase of permanent equipment.

d. To increase the budgets of the other Bureaus of the Department of Health as their work demands and funds allow.

The Foundation, on its part, would agree:

a. To continue the present financial grant on the present terms.

b. To continue the services of its consultant in health until December 31, 1933, except for such periods as he may be on leave.

c. To lend a sanitary engineer to government from about January 1, 1930, to serve until about December 31, 1933.

d. To contribute Rs.27,000 to the additional budget of the Bureau of Sanitary Engineering.

3. Contributions would be as follows:

	Government.	Foundation.*
1929-1930 ..	Rs 12,250*	Rs 13,500
1930-1931 ..	6,750	9,000
1931-1932 ..	11,250	4,500
1932-1933 ..	15,750	(Services of Sanitary Engineer only)
1933-1934 ..	24,000	
	Rs 70,000	Rs 27,000

Beginning with the year 1934-1935 full financial responsibility would be borne by government. (Rs30,000).

4. There has been provided for the use of the International Health Division the sum of $270,711 for state health services during 1929. Of this amount $270,711 has already been set aside for individual projects. There has also been provided for the use of the International Health Division for continuing projects over a period ending December 31, 1934, the sum of $500,000, of which amount $360,347 has been set aside for individual projects. It is proposed to charge the designation now suggested against the balance available of $139,653.

---

* Including Rs10,000 for permanent equipment.

* I take it that the Foundation contribution refers to Calendar years, as per my letter of Feb. 21, 1929, and that Rs 18,000/- per year will be available for additional budget as long as the R.F. San. Eng. is here. Rs 12,000/- is reserved for pay of the Mysore San. Eng. thereafter, making the total proposed Rs. 30,000/- H.H.Howard

MYSORE
BUREAU OF
SANITARY
ENGINEERING.

RESOLVED that the proposal to co-operate with the government of Mysore, India, over a period of four and one-half years, as outlined above, be, and it is hereby, approved, and that the Director of the International Health Division be, and he is hereby, authorized to put it into effect.

RESOLVED that the sum of Ten thousand one hundred twenty-five dollars ($10,125) be, and it is hereby, designated for Mysore-Bureau of Sanitary Engineering during the period July 1, 1929 to June 30, 1933, it being understood that this designation shall be available during this period upon submission of satisfactory budgets to be approved by the Director and Comptroller; it being further understood that the total contribution of the Foundation shall not exceed in any one year the amounts given in the following schedule:

1929-1930	..	Rs 13,500
1930-1931	..	9,000
1931-1932	..	4,500

" C o p y "

W. C. Sweet,
Director,
Health Survey in Mysore.

Enclosure B.

Meeting of Trustees held on May 23, 1928.

MYSORE PROPOSAL FOR COOPERATION.

There is presented for approval a proposal for co-operation with the State of Mysore, India as follows:

1. Following a hookworm and malaria survey in Mysore made by Dr. Sweet in 1927 and 1928, the aid of the Rockefeller Foundation in bringing about an improvement in the health organization of that state has been requested. As a result of the recent conference between the Foundation's representatives, Dr. Heiser and Dr. Sweet, and the health authorities of Mysore, a programme with that end in view has been decided upon.

2. Government has agreed:

   a. To separate medical relief and public health work and to create the office of Director of Health.
   b. To organize at once divisions of epidemiology, laboratories, sanitary engineering and public health education, and other divisions as circumstances warrant.
   c. To appropriate, in addition to the Rs.100,000 now budgeted by the central government for health work, an additional Rs.100,000 for that purpose.
   d. To grant at least two foreign fellowships a year, or as many fellowships in India as the allotment for foreign fellowships will permit.

3. The Foundation is asked to furnish the following:

   a. Services of a consultant in health.
   b. Services of a sanitary engineer.
   c. Contribution of Rs.5,000 a year toward a budget of not less than Rs.15,000 for a rural health unit.
   d. Contribution of Rs.5,000 a year toward a budget of not less than Rs.15,000 for a malaria field study station.
   e. A fellowship in sanitary engineering, the holder eventually to be appointed chief of the division of sanitary engineering.

4. The senior surgeon and the Director of Health are to be equal in rank and will be directly responsible to a member of council whose duties so far as practicable will be solely concerned with the fields of medical relief and public

MYSORE PROPOSAL FOR CO-OPERATION.

health work. Government will give both the consultant in health and the sanitary engineer the status of head of a department and will supply them with an adequately equipped office and staff, and telephone, telegraph and transportation facilities. Exemption from taxes and tolls will be continued. The nomination of candidates for the two foreign fellowships to be granted by government will be made upon the joint recommendation of the director of health and the consultant in health.

5. The direct and indirect expenditure on public health matters incurred by government and local bodies together in Mysore is well over Rs.2,500,000 a year excluding amounts spent on water supply, conservancy and other measures in the larger towns such as Bangalore and Mysore. Government proposes to increase this expenditure as funds become available.

6. The proposed cooperative agreement would be in force for a period of two years from the date of the commencement of the programme.

The following action is recommended:

RESOLVED that the proposal to co-operate with the government of Mysore, India, as outlined above, be, and it is hereby, approved, and that the Director of the International Health Division be, and he is hereby, authorized to put it into effect.

GENERAL MISCELLANEOUS
4 OCT. 1929

Bangalore,
28th September 1929

Sans 31-29-2

OHIO
30 SEP. 1929

Dear Mr. Ranga Rao,

I am sending you with this a proposed budget for new staff and expenditure for the Sanitary Engineer. This is temporary only and may be revised, after six months experience by the Sanitary Engineer, for the financial year 1930-31. For that reason I have not tried to compute average pay but have given beginning pay in each instance. The scales of pay are in accordance with scales now in force in either the Public Works Department or the Department of Health.

According to the agreement, Government is to budget Rs. 30,000/- a year in addition to budget transferred from the Public Works Department. Of this 30,000 a sum of Rs. 12,000Ø- is intended for the permanent Mysorean Sanitary Engineer, leaving Rs 18,000 for present budget. For the six months, I have budgeted Rs. 9000/-

If Government will approve of this temporary budget,

I will send it to the Rockefeller Foundation for their acceptance.

Yours sincerely,

W. C. Sweet,

R. Ranga Rao, Esq., B.A., B.L.,
Offg. Chief Secretary
to the Government of Mysore,
Bangalore.

Proposed Budget for Sanitary Engineer.

January 1 - June 30, 1929.

(The staff and budget here proposed are understood to be in addition to staff and budget transferred from the Public Works Department.)

		(To receive) per month.	Total Per Month.	Total Per 6 Months
1. Salaries:				
(a) Two Assistant Sanitary Engineers. 200/2-250-25-450	..	250	500	
(b) Staff:				
Two draftsmen. 55-5-80	..	55	110	
One stenographer. 50-3-65.	..	50	50	
Six Peons	..	12	72	
			732	4,392
2. Temporary survey coolies.	..		..	2,000
3. Travelling allowances.	..		..	2,000
4. Contingencies.	..			608
				Rs 9,000

In addition a sum of Rs. 10,000/- for permanent equipment. If this amount is not spent in six months, the remainder should be carried over to the next financial year.

D.O. No. T. 194
12-11-1929

Office of the Health Survey
in Mysore,

Bangalore, 12th November '29.

Dear Mr. Ranga Rao,

With reference to your letter No. G. 59312-San. 31-29 dated the 11th November 1929, I cannot give details for the sum of Rs. 10,000/- proposed for permanent equipment for the Sanitary Engineer. He will undoubtedly bring certain equipment with him from New York but just what it will cost I am unable to estimate. Upon arrival here he will need at least about Rs. 2,000/- for furniture and locally purchased equipment. There will be in addition about Rs. 3,500/-, say, for a car. For this financial year an expenditure of about Rs. 8,500/- might be sufficient.

In this connection I might point out that the first year of the Stations for the Study of Malaria was completed on September 30th and that as soon as the Comptroller sends me the full accounts, for which I have written, I will be sending them to the Rockefeller Foundation who will be requested to pay Government the Rs. 5,000/- promised towards this expenditure. In addition the Rural Health Unit will complete its first year on March 1st. 1930 and a prompt submission of accounts should bring a further Rs. 5,000/- from the Foundation before the close of the financial year.

Yours sincerely,

W. C. Sweet,
Director,
Health Survey in Mysore.

R.Ranga Rao Esq., B.A., B.L.,
Offg. Chief Secretary to the Government of
H.H. the Maharaja of Mysore, Bangalore.

SIR,

With reference to your Letter No. G. 6132/Sany. dated 15th November 1929 regarding the question of the probable amount which can be made available for the Bureaux of Sanitary Engineering, out of the lumpsum provision of Rs. 33,900/- made in the Budget for the Re-organisation of the Public Health Department, I have the honour to state that as directed by Government in their Letter No. G. 5932/Sany. 31-29-4 dated 11th November 1929, I have addressed the Comptroller for information. His reply is awaited.

I may however in the meantime state that so far as I am aware no amount can be made available for the Bureaux of Sanitary Engineering out of the lumpsum grant.

I have the honour to be
Sir,
Your most obedient servant

Correspondence ending with letter No.T.70 dated the 21st August 1929 from Dr. W.C. Sweet forwarding a copy of letter from Dr. V.G. Heiser and the minutes of the Meeting of the Scientific Directors held on the 10th July 1929 dealing among other matters with the question of the Bureau of Sanitary Engineering proposed to be established in connection with the comprehensive scheme of health work in the State.

2. Letter dated the 28th September 1929 from the same officer forwarding a draft budget for the Bureau of Sanitary Engineering from 1st January to 30th June 1930.

3. Para 5 of G.O.No.G.6680-730/San 55-27-34 dated.28th November 1929 sanctioning the reorganisation of the ~~Public~~ Health Department about the formation of the Bureau of Sanitary Engineering.

Order No. G. 7367-81

Dated, Bangalore 18th ~~November~~ December 1929.

The question of starting a Bureau of Sanitary Engineering of the Department of Health has been under the consideration of Government since January 1929. In -- February 1929, Dr. Sweet forwarded a scheme in the matter the main features of which

were -

(a) transfer of all Staffs, work and budget of the Sanitary, Town Planning and Water Supply Divisions of the Public Works Department to the new Bureau of Sanitary Engineering of the Department of Health,

(b) provision of two fellowships in Sanitary Engineering during the years 1931 and 1932,

(c) eventual annual provision of a sum of Rs.30,000 for the Bureau of Sanitary Engineering in addition to the budgets to be transferred from the Public Works Department, and

(d) provision of a sum of Rs.10,000/ during the 1st year for the purchase of - permanent equipment.

2. He has also reported that in the event of Government agreeing to the above arrangements, the Rockefeller Foundation would be prepared -

(1) to lend the services of a Sanitary Engineer from about the 1st of January 1930 to 31st December 1933,

(2) to contribute Rs.27,000/- to the additional budget of the Bureau of - Sanitary Engineering for the years 1929-30 1930-31 and 1931-32 as detailed in the - margin.

1930	--	13,500
1931	--	9,000
1932	--	4,500

3. Government are in general agreement with the scheme outlined above. It is reported that the Rockefeller Foundation have already assigned Mr.Mieldazis for work in Mysore and that he is expected

The need for a Bureau of Sanitary Engineering has already been recognized in the G.O. dated the 28th November 1929 sanctioning the reorganization of the Health Deptt$. and the details of work to be assigned to it have also been specified therein. It is proposed to place this Bureau in charge of the Sanitary Engineer, whose services the Rockefeller Foundation have kindly promised to place at the disposal of Government for a time.

45

to arrive on or about the 1st January 1930. He will be given the status of a Head of Department. Separate action is being taken for providing suitable accommodation ~~to~~ him (with telephone ~~and telegraph~~ facilities.)

4. Dr. Sweet has proposed a budget for the necessary staff ~~and budget~~ providing for an expenditure of Rs.19,000 during the next half year. Govt. consider that it is not immediately necessary to entertain two Asst. Engineers and two Draftsmen and that it would be sufficient if one Asst. Engineer and one Draftsman are entertained. They are accordingly pleased to approve of the following provisional budget of the Bureau of Sanitary Engineering for the second half of the current official year.-

including therein 2 Asst: Engrs and 2 Draughtsmen for the Sanitary Engineer, and

1. Establishment.	per month	Total per month.	Total per 5 months.

5. As there is no source in the sanctioned budget to meet this additional charge, a demand to that extent will be placed before the next meeting of the Legislative Council. As against this ex-

46

on account of Malaria and Rural Health Units

expenditure, a contribution of Rs.10,000 is due during the current year from the Rockefeller Foundation ~~on account of the Malaria and Rural Health Units~~ according to the agreement with them. In the result, the final expenditure that would be actuall chargeable to the ~~Sanitary~~ Pub: Health Dept. Budget would be only Rs.3,985.

6. The Comptroller is requested to keep separate accounts of the expenditure incurred on the Sanitary Engineering branch of Public Health Department in order to enable the Govt. to supply the Rockefeller Foundation with all the particulars that they may -- require.

Director of Health

7. The Sanitary Commissioner is requested to forward in consultation with Dr. Sweet proposals for the equipment of the office of the Sanitary Engineer and the provision of transportation facilities to him as also any other matter incidental to the starting of the work of the Bureau of Sanitary Engineering.

8. The question of the staff to be transferred from the Public Works Department to the Bureau of Sanitary Engineering may be settled after the arrival of the Sanitary Engineer. The Director of Health Sanitary Commissioner is requested to submit in consultation with Dr. Sweet and Mr.Mieldazis detailed budget estimates of the Bureau of Sanitary Engineering, before the end of February 1930.

9. Government desire to convey their thanks to the Rockefeller Foundation for generously lending the services of a Sanitary Engineer.

Correspondence ending with letter No. T. 70, dated the 21st August 1929, from Dr. W. C. Sweet, forwarding a copy of letter from Dr. V. G. Heiser and the minutes of the Meeting of the Scientific Directors held on the 10th July 1929 dealing among other matters with the question of the Bureau of Sanitary Engineering proposed to be established in connection with the comprehensive scheme of health work in the State.

2. Letter dated the 28th September 1929, from the same officer, forwarding a draft budget for the Bureau of Sanitary Engineering from 1st January to 30th June 1930.

3. Para 5 of Government Order No. G. 6680-730—San. 55-27-34, dated 28th November 1929, sanctioning the reorganization of the Health Department about the formation of the Bureau of Sanitary Engineering.

ORDER NO. G. 7367-81—SANY. 31-29-9, DATED 18TH DECEMBER 1929.

The question of starting a Bureau of Sanitary Engineering of the Department of Health has been under the consideration of Government since January 1929. In February 1929, Dr. Sweet forwarded a scheme in the matter, the main features of which were—

(*a*) transfer of all staffs, work and budget of the Sanitary, Town Planning and Water Supply Divisions of the Public Works Department to the new Bureau of Sanitary Engineering of the Department of Health,

(*b*) provision of two fellowships in Sanitary Engineering during the years 1931 and 1932,

(*c*) eventual annual provision of a sum of Rs. 30,000 for the Bureau of Sanitary Engineering in addition to the budgets to be transferred from the Public Works Department, and

(*d*) provision of a sum of Rs. 10,000 during the 1st year for the purchase of permanent equipment.

2. He has also reported that in the event of Government agreeing to the above arrangements, the Rockefeller Foundation would be prepared—

(1) to lend the services of a Sanitary Engineer from about the 1st of January 1930 to 31st Decemcer 1933, and

(2) to contribute Rs. 27,000 to the additional budget of the Bureau of Sanitary Engineering for the years 1929-30, 1930-31 and 1931-32 as detailed in the margin.

1930	...	13,500
1931	...	9,000
1932	...	4,500

3. Government are in general agreement with the scheme outlined above. The need for a Bureau of Sanitary Engineering has already been recognized in the Government Order dated the 28th November 1929 sanctioning the reorganization of the Health Department and the details of work to be assigned to it have also been specified therein. It is proposed to place this Bureau in charge of the Sanitary Engineer, whose services the Rockefeller Foundation have kindly promised to place at the disposal of Government for a time. It is reported that the Rockefeller Foundation have already assigned Mr. Mieldazis for work in Mysore and that he is expected to arrive on or about the 1st January 1930. He will be given the status of a Head of Department. Separate action is being taken for providing suitable accommodation for him (with telephone facilities).

No. G. 7367-81—Sany. 31-29-9, dated 18th December 1929.

4. Dr. Sweet has proposed a budget for the necessary staff including therein two Assistant Engineers and two Draughtsmen for the Sanitary Engineer and providing for an expenditure of Rs. 19,000 during the next half-year. Government consider that it is not immediately necessary to entertain two Assistant Engineers and two Draftsmen and that it would be sufficient if one Assistant Engineer and one Draftsman are entertained. They are accordingly pleased to approve of the following provisional budget of the Bureau of Sanitary Engineering for the second half of the current official year.

	Per month.	*Total per month.*	*Total per 6 months.*
1. *Establishment.*	Rs.	Rs.
